We received very positive feedback and wanted to know if we would be doing it again. There were plenty of activities. Mr. Allison was very pleased with the way the facility was left.</p> <p>There were more adults and students than needed but we were not sure on what the turnout would be like and wanted to be well staffed. There were a total of 14 kids.</p> <p>At future events like this there needs to be roles and expectations given to all helpers so that everyone knows what they should be doing.</p>
